Education

2006-2009	MSc in Telecommunications, Computer Science and Multimedia. ESIL (Superior Engineering School of Luminy), France.
2004-2006	University Technology Diploma in Software engineering. University of Aix-en-pce, France.
2004	National secondary degree in math and physics. Salon-de-Provence, France.

Professional experience

2008 3 months	Belle de Mai Multimedia Incubator. <i>Marseille (France). Size: 5 persons.</i> Mission: analysis and revision of an information system. Preliminary analysis: examined existing system and reasons for its failure, interviewed users, modelled functioning of the incubator, established book of specifications. Development: used WEB technologies, delegated some tasks, implemented MVC method, organized testings, trained users, wrote user and developer documentations. Technologies: object-oriented PHP (CakePhp), complex MySQL database (50 tables), Man/Machine Interfaces. Results: the system is a success, and is used by all the team. I have been asked to develop new functions.
2006 4 months	CETE Méditerranée. <i>Aix-en-Provence (France). Size: 40 persons.</i> Mission: find a temporary solution for an information system to use when network is down. Preliminary analysis: examined existing system and functioning, interviewed users and developers, established book of specifications. Development: used WEB technologies, developed complex queries on database, wrote user and developer documentations. Technologies: JavaScript, complex Oracle database (50+ tables), SQL queries, PLSQL procedures, Man/Machine Interfaces. Results: the emergency solution I developed is more often used than the usual information system because of its accessibility and simplicity of use.
